

# TELE•LERT 911

## Emergency Locator System

This system automatically operates when the emergency phone number

**" 911 "**

is dialed on any  
TOUCH TONE PHONE  
in your home

-  Upon activation a high powered strobe will flash and an audible horn (optional) will sound
-  Assists emergency vehicles in finding the location where the "911" call originated
-  The Tele-lert System can be tested by dialing \*#1
-  The System has automatic battery backup in case of power failure
-  The Battery backup uses standard AA Alkaline batteries ( not included )
-  The System is supplied with all components for easy installation
-  The System can be custom programmed for emergency telephone numbers other than "911"
-  Optional audible horn can help scare off intruders when system is activated
-  Tele-lert continues to operate until manually turned off by pushing the RESET button
