

# Wireless Doorbell Strobe Light

## WDBSL-2

The Wireless Doorbell Strobe Light is an excellent device for noisy environments or for the Hearing Impaired. This unit automatically operates when the wireless doorbell button is pressed.

- \* The doorbell button transmitter is battery operated
- \* The Strobe Light Receiver plugs into any standard wall receptacle
- \* No wires to install between doorbell button and strobe light
- \* The strobe light operates for 10 seconds after the doorbell button is released
- \* The strobe light lenses are available in 5 colors: clear, red, blue, green and yellow
- \* The unit plays an 8 note Westminster or 2 note chime
- \* Each unit serves one door only
