

Wireless Doorbell Strobe Light Receiver Only

WDBSL-2R

The Wireless Doorbell Strobe Light is an excellent device for noisy environments or for the Hearing Impaired. This unit automatically operates when the wireless doorbell button is pressed.

- * No doorbell button transmitter is supplied
- * The Strobe Light Receiver plugs into any standard wall receptacle
- * No wires to install between doorbell button and strobe light
- * The strobe light operates for 10 seconds after the doorbell button is released
- * The strobe light lenses are available in 5 colors: clear, red, blue, green and yellow
- * The unit plays an 8 note Westminster or 2 note chime
- * Each unit serves one door only
